2007 **Legislation passed requiring each district to employ a Registered Nurse (RN)**

2006-2007 **66% Districts reported they hired a school nurse (240 districts) (125 none) possible 365**

LPN 25.66 FTE, Purchased nursing services 1.50 FTE, Personal health assistant 92.55 FTE

Ratio RN to students 1:1,012 (ADM/FTE)

33% districts ratio RN to students 1:750 or less (122/365 districts)

2005-2006 **74% Districts reported they hired a school nurse (271 districts) (94 none) possible 365**

LPN 20.36 FTE, Purchased nursing services 1.52 FTE, Personal health assistant 111.05 FTE

Ratio RN to students 1:923.7 (ADM/FTE)

2004-2005 **74% School Districts reported they hired a Registered Nurse (273 districts) (94 none) possible 367 districts**

LPN 29.15 FTE, Purchased nursing services 3.8 FTE, Personal health assistant 124.84 FTE

Ratio RN to students 1:963.36 (ADM/FTE)

Ratio RN to buildings 1:3.9 (1895 buildings/FTE)

35% districts ratio RN to students 1:750 or less (127/367 districts)

2003-2004 **75% School Districts reported they hired a Registered Nurse (279 districts) (91 none) possible 370 districts**

First year to report separate data on:

LPN 38.36 FTE, Purchased nursing services 7 FTE, Personal health assistant 66.34 FTE

Ratio RN to students 1:944 (ADM/FTE)

Ratio RN to buildings 1:3.8 (1932 buildings/FTE)

38% districts ratio RN to students 1:750 or less (141/370 districts)

2002-2003 **76% School Districts reported they hired a school nurse (282 districts)**

Ratio nurse to students 1:878 (ADM/FTE)

Ratio nurse to buildings 1:3.5 (1889 buildings/FTE)

35% districts ratio school nurse to students 1:750 or less (130/371 districts)

2001-2002 **81.1% School Districts reported they hired a school nurse (301 districts)**

Ratio nurse to students 1:877.4 (ADM/FTE)

Ratio nurse to buildings 1:3.6 (1939 buildings/FTE)

40.4% districts ratio school nurse to students 1:750 or less (150/371 districts)

The 40.4% districts = 35.5% of total students (169,647 students/478,526 ADM)

AEA Special Education Nurses (in addition to School Nurses in LEAs)

FTE December 2007 (ages 0-21 from individual AEA IMS reports and SOPs) BEDS 11.38 FTE RN

45.5 FTE December 2006 (ages 0-21 from individual AEA IMS reports and SOPs)

31.59 FTE December 2005 (ages 0-21 from individual AEA IMS reports and SOPs)

21.94 FTE December 2004 (ages 0-21)

15.8 FTE December 2003

21.22 FTE December 2002

19.1 FTE December 2001

Number of school nurses contracted by school district not available

February 2009

21.6 FTE December 2000

900 individuals and organizations comprise the current school nurse list

- Funding includes state and local, at-risk, drug-free, Title, Medicaid, and special education
- School Nurse education includes Associate, Diploma, Baccalaureate, and Graduate Degrees
- Data contains information on health services provided by school nurses hired by the district. 2003 started data collection on health services districts provided through agreements with outside organizations.

10/10/07 Draft cjb

SEN 2006 45.5 B-2=4.3, rest 3-21 SOP=state operated programs
